December 17, 2012

Dear Narragansett Families,

It is with the utmost sorrow that I am writing this to you. Our deepest sympathy goes to the families in Newtown, Connecticut. I want you to know about the safety and security measures we have taken to date and the plan for the upcoming week at Narragansett.

We have put a few resources on the website for you from the National Association of School Psychologists (NASP) and from the National Association of Elementary School Principals (NAESP).

I have called a staff meeting for Monday morning to remind them of our safety and security procedures. We will not be discussing the event in Newtown, Connecticut with students, but have some general statements that teachers can say if a need arises. These are posted for you as well.

In addition, I have listed procedures and crisis prevention efforts that we have in place.

Our plan for the week is to maintain routines and consistency for the children. Please know that we will do our utmost in continuing to keep our school safe and nurturing for our students and staff.

Sincerely,

Mrs. Brann
